Cedar Rapids, IA 52402

Thank you for joining the Cedar Amateur Astronomers. This society is your society. Each member is encouraged to enjoy the assets found in membership, including the CAA newsletter *The Prime Focus*, the society's website, the observatory facilities and – not the least – other members who enrich each other by sharing skills, experience, and their equipment.

Additionally, CAA members are entitled to the use of the facilities at Palisades-Dows Preserve.* It's a great opportunity to visit with other society members in an informal setting, get checked out on the use of society instruments and equipment or simply enjoy the beauty of the night sky with other enthusiasts.

To complete this form, please select your preferred membership type. Your membership in the CAA includes membership in the Astronomical League, a national association of astronomical associations; discounts on subscriptions to *Sky & Telescope* and *Astronomy* magazines; and book discounts. Select any or all special rate periodicals or you may subscribe at a later date. After completing your choices, sum the amounts of your selections to determine your annual dues.

We are a 501(c)(3) non-profit organization. Additional donations to the CAA are fully tax deductible. You may mail your payment to the address on this form or bring your payment to our monthly meeting. See the [CAA Homepage](#) for current place and time of meetings or to pay via PayPal.

*Details are provided to new members in the *CAA Resource Guide*.

Please make your check payable to Cedar Amateur Astronomers.
